

After hours work

Indooroopilly rail bridge May 2024

What?

Queensland Rail is continuing to undertake bridge refurbishment works on the Indooroopilly rail bridge.

Works on the bridge include scaffolding activities and sandblasting to prepare the surface for repainting.

Night works involve bolt replacement and associated activities.

When?

After hours weekend works (around-the-clock) will be carried out:

- **from 5am Saturday 11 until 10pm Sunday 12 May 2024.**

These works have been scheduled during a planned track closure when rail traffic is reduced or when freight traffic can be diverted.

Night works will be carried out **between 8pm and 5am** the next day on:

- **Monday 13 to Friday 24 May 2024** (up to 10 nights, Mon-Fri only).

Where?

Activities will occur on the Indooroopilly Bridge (steel rail bridge between the Walter Taylor road bridge and the Albert rail bridge).

Residents may notice noise associated with the operation of machinery, including sandblasting, generators and compressors and powered tools and equipment.

Traffic management may be in operation to support other Queensland Rail works during the track closure.

Impacts

Cranes, trucks and on-track vehicles with flashing lights and reversing beepers

Traffic management in operation

After hours work (around-the-clock)

Sandblasting, machinery (generators, compressors) and powered equipment

Lighting towers at night

Every effort will be made to carry out these works with respect for our valued neighbours. We apologise for any inconvenience and thank you for your understanding during these important works. Works may be subject to change due to weather conditions and operational requirements.
