

Banyo station accessibility upgrade

PROJECT UPDATE – AUGUST 2024

The Banyo station accessibility upgrade is part of the State Government's ongoing investment to upgrade our stations to make them accessible for everyone.

About the project

Banyo station is being upgraded to make it more accessible, and easier for customers and the community to travel on our network.

The new, modern station will help people in wheelchairs, parents with prams and those travelling with luggage or who are injured, to access to our trains with ease.

Banyo station is expected to reopen to customers in the second half of 2024.
