

Banyo station accessibility upgrade

PROJECT UPDATE – SEPTEMBER 2024

The Banyo station accessibility upgrade is part of the Queensland Government's investment to upgrade our stations to make them accessible for everyone.

About the project

Banyo station is being upgraded to make it more accessible, and easier for customers and the community to travel on our network.

The new, modern station will help people in wheelchairs, parents with prams and those travelling with luggage or who are injured, to access to our trains with ease.

Banyo station is expected to reopen to customers in December 2024.

Construction progress

The following works have been completed at Banyo:

- Installation of footbridge and lift shafts by crane (pictured, right)
- Platform works and concrete pours (ongoing).

Upcoming works

Customers and the local community can expect to see the following activities in the coming weeks:

- Installation of staircases and steelwork (by crane)
- Continuing construction of station entrances, platforms and ticket office
- Fit-out of footbridge and lift shafts
- Station carpark closed (until late October).

Thank you for your patience and cooperation as we build you a better Banyo station.
