

Bundamba station accessibility upgrade

PROJECT UPDATE – AUGUST 2024

The Bundamba station accessibility upgrade is part of the State Government's ongoing investment to upgrade stations to make them accessible for everyone.

Project progress

Bundamba station upgrade works are well advanced with construction focused on station carpark and platform infrastructure works.

Works recently completed include:

- installation of the footbridge stairs
- lifting and moving the original shelter to a new platform location
- commissioning of critical signalling infrastructure
- most of the station building improvement works
- some platform shelter works including awnings
- installation of station service infrastructure.

Upcoming works

Customers and the local community can expect to see the following activities in the next month:

- carpark works including the new accessible parking bays and kiss 'n' ride area.
- ongoing station building improvement works
- platform shelter completion works including new awnings
- station access and service works
- lighting, bike enclosure and carpark works.

Impacts

- machinery and construction noise
- **station closure** - an accessible shuttle bus service (Route 501) is running between Booval and Bundamba stations and Bundamba TAFE from stops on Creek Street.

Please plan your travel by downloading the MyTranslink app, visiting translink.com.au or by calling **13 12 30**.

Platform shelter works on new, fully raised platform

Work hours

Works will generally take place 6am to 6pm Monday to Saturday, unless notified.
