

Burpengary station accessibility upgrade— station now open!

Queensland Rail is pleased to welcome customers back to Burpengary station. You'll find the new and improved station is more accessible and easier to use for a more seamless journey on our network.

We're pleased to share that the new modern station features:

A new footbridge with lift, ramp and stair access

Upgraded hearing augmentation loops and tactile ground surface indicators

Lighting and CCTV throughout the station and carpark

24 bicycle lock up enclosure with new security swipe access

Improved seating and extended platform shelters

Full length high-level platforms

New wayfinding and platform signage

Accessible toilets

Accessibility-compliant ticket window

New station office and facilities

Carpark with space for almost 500 cars*

* 350 carpark spaces are open now, with the rest to follow when ongoing minor works are completed in the coming months.

Footbridge with lift, ramp and stair access

Lift access to platform

Ramp access to platform

Accessibility-compliant ticket window

There are more station features to come including:

11 accessible car parks

Nine motorcycle parking bays

Now the station is open, we will continue work to keep making things better for you, our customers, including completing the carpark on the eastern side of the station, a new kiss 'n ride and a permanent bus stop.

Thank you for your support over the past seven and a half months. We hope you enjoy your new station.

This upgrade is part of the State Government's ongoing investment to make stations more accessible. We're also upgrading Bundamba, Banyo, Buranda, Lindum and Morningside stations.
