

# Early morning activities **UPDATE**

## Lindum station

### What?

Queensland Rail has rescheduled an early morning delivery of a large crane to Lindum station for the installation of the new footbridge's final staircase.

### When?

Early morning activities, including the arrival of a large crane to site, will occur **from 5:30am Monday 4 November 2024.**

Due to the size of the crane and the anticipated impact to the road network, this delivery can only be undertaken out of regular working hours. This delivery has been rescheduled from Tuesday 29 October (as previously notified).

Crane operation to install the staircase on platform 1 will be undertaken during regular working hours (day shift).

We apologise for the late notice of the rescheduling of the crane's arrival.

### Where?

The large crane and accompanying trucks will drive into site and be situated in the station's North Road carpark and rail property, with access via North Road.

### Impacts

Arrival of a large crane - trucks and vehicles with flashing lights and reversing beepers

Truck and crane arrival - vehicle movements and personnel on-site

After hours activities (early morning)

Traffic control for safety

Lighting towers at night

Every effort will be made to carry out these works with respect for our valued neighbours. We apologise for any inconvenience and thank you for your understanding as we build you a better Lindum station. Works may be subject to change due to weather conditions and operational requirements.
