# Morningside station accessibility upgrade

PROJECT UPDATE - FEBRUARY 2025

The Morningside station accessibility upgrade is part of Queensland Rail's ongoing investment to upgrade stations to make them accessible for everyone.

Morningside station reopened to customers on 31 December 2024. Works to finalise additional upgrade features and finishing touches are continuing.

When complete, the station will be more accessible and easier for customers and the community to travel on our network.

The new, modern station will help people in wheelchairs, parents with prams and those travelling with luggage or who are injured, use the station with ease.

## **Upcoming works**

Customers and the local community can expect to see the following works progress in the coming weeks:

- completion of the kiss 'n' ride drop off zone
- completion of accessible parking bays
- reinstatement of parking bays
- completion of lift access at the Wynnum Road side of the station
- commencement of demobilisation of contractor site office in the northern end of the park 'n' ride.

# Upcoming after hours works

 6am to 6pm each day on Saturday 1 and Sunday 2 March during a planned closure of the Cleveland line.

#### **Ongoing works**

- completion of dedicated staff parking and motorcycle parking
- completion and fitout of bicycle storage facility on the Wynnum Road side of the station
- completion of Waminda Street station entrance works
- ongoing landscaping works around the station.

Works will generally take place between 6am and 6pm Monday to Saturday, unless notified.

Every effort will be made to carry out these works with respect for our neighbours and customers.

# Wynnum Road access

The stairs from the Wynnum Road side of the station opened on Monday 28 January, providing access to the new footbridge and platforms. We will advise our customers and the community once the lift is complete and ready for use.

If you are unable to use the stairs, please follow the footpath via Jack Flynn Memorial Drive. A detour map is available at the station.
