

# Concrete activities with early start

## Purchase Street, Banyo

### What?

Queensland Rail's contractor will undertake early morning concrete pumping activities as part of the Banyo station accessibility upgrade.

A concrete pumping truck will be situated in Purchase Street and within the rail corridor to facilitate concrete works at the northern end of platform 2.

### When?

Activities will commence from **3am** and continue throughout the day on **Friday 21 February**.

### Where?

Concrete activities off Purchase Street (on the pedestrian ramp to the station, which is currently closed).

Concrete deliveries to site will be via local streets.

A lane closure with traffic management will be in operation on Purchase Street for safety. Please follow the direction of traffic controllers.

Access to private properties will be maintained. The pedestrian path along the footpath will be maintained.

### Impacts

Movement of concrete pumping trucks and vehicles with flashing lights and reversing beepers

Early morning works, commencing at 3am

Operation of concrete pumps, machinery and powered tools

Lane closure and traffic management

Every effort will be made to carry out these works with respect for our valued neighbours. We apologise for any inconvenience and thank you for your patience while we build you a better Banyo station. Works may be subject to change due to weather conditions and operational requirements.
