

# Current Queensland Rail Employees

## How to apply for a job at Queensland Rail

### Are you a current Queensland Rail employee?

Queensland Rail employees must apply for vacancies via the People Connect solution and not via the external Queensland Rail career site or Seek using one of the following options:

1. While at home or on the go at anytime, anywhere using People Connect on a personal device. Please note you will need to set up Multi Factor Authentication (MFA) on your account profile. There are two options to do this:
  - Install the **Microsoft Authenticator app** on your smartphone.
  - If your phone does not support the app, or you do not wish to use an app, you can authenticate by either an **automated phone call** or a 6-digit verification code received via a **text message**.

Click here to access > [People Connect](#)

For more information about this please read the FAQ document on Multi Factor Authentication: [Multi-Factor Authentication FAQ's](#)

2. While signed in at work using People Connect on a corporate device connected to the Queensland Rail IT network or LAN via the Hub.

## What if I have trouble accessing People Connect from my mobile device?

If you have any issues signing into People Connect, please contact the ICT service desk on 89-25000 or 07 3072 5000.
