QUEENSLAND RAIL VALUES:

1 Queensland Rail - We do better together
Treat others with respect - We appreciate everyone's contributions and differences
Empower our people - We have confidence in our people
Act Safely - We work safe, to go home safe
Make a positive difference - We learn from today, to improve tomorrow

Position Purpose

To work effectively and efficiently as a member of a semi-autonomous workgroup under the competency based system safely performing Undercutting & Drainage tasks in accordance with the requirement of Queensland Rail and the Workplace Health and Safety Act.

Position Responsibilities

1. Contribute to the work output of the team by carrying out duties in a responsible manner in accordance with competency allocations.
2. Undertake duties as directed by your Supervisor or other competent person to required standards.
3. Carry out all work in accordance with the requirements of Queensland Rail's Safety Management System (SEMS) and Divisional Instructions to ensure minimal loss to people, property, processes and environment within their section of Network.
4. Participate in quality improvement activities and contribute to the development of new work practices.
5. Work within the guidelines of Queensland Rail's policies.
6. Obtain tickets and competencies as required by the approved resource plan.

Additional Factors

The appointee will be required to :-

- Comply with Queensland Rail's Code of Conduct;
- Observe all legal and safety obligations of the organisation;
- Travel and work outdoors in and around track equipment and structures;
- Attend further training as required;
- Work outside normal hours as required including shift work;
- Travel and work at any location within the Infrastructure Manager's area of control;

Position Description

- Travel and work under difficult and trying conditions on flood repair and other emergency work.
