QUEENSLAND RAIL VALUES:

1 Queensland Rail - We do better together
Treat others with respect - We appreciate everyone's contributions and differences
Empower our people - We have confidence in our people
Act Safely - We work safe, to go home safe
Make a positive difference - We learn from today, to improve tomorrow

Position Purpose

Develop, implement and maintain systems for planning, monitoring, controlling and reporting the progress and performance of projects, programs and portfolios so that the objectives are met within agreed timeframes.

Position Responsibilities

1. Implementation and management of systems for the planning, monitoring and reporting of projects, programs and portfolios.
2. Liaise and support Project Schedulers, Project Managers, clients and their representatives and stakeholders to develop and maintain the time and resource schedules for individual projects, programs and the overall Queensland Rail works portfolio.
3. Advise Project and Program Managers of time scheduling, cost, risk and resourcing issues, monitor performance and in conjunction with Project Managers and advise of resource conflicts and issues.
4. Maintain an accurate database on the forecast commissioning dates and key milestones of all projects.
5. Monitor, record and report on project performance by comparing actuals against planned criteria.
6. Produce regular reports, advice and feedback to Planning, Assurance & Delivery Management, Queensland Rail Senior Management and clients on the requirements to meet Queensland Rail's works portfolio.
7. Generate performance indicators on the effectiveness of the project management processes in meeting the planned commitments.

Additional Factors

The appointee will be required to :-
- Comply with Queensland Rail's Code of Conduct;
- Observe all legal and safety obligations of the organisation;

Position Description

What is the key selection criteria
