QUEENSLAND RAIL VALUES:

1 Queensland Rail - We do better together
Treat others with respect - We appreciate everyone's contributions and differences
Empower our people - We have confidence in our people
Act Safely - We work safe, to go home safe
Make a positive difference - We learn from today, to improve tomorrow

Position Purpose

Provide safe, efficient and reliable preventative maintenance, presentation and repair of Traveltrain rollingstock and associated components and equipment to the standards set by the Manager Traveltrain Maintenance.

Position Responsibilities

1. Contribute to safety, reliability and availability of Traveltrain rollingstock by performing preventative maintenance, fault finding and repairs on rollingstock and equipment in an efficient manner.
2. Utilise computer based maintenance systems to accurately and timely input and review data, such as recording the work performed including repair and preventative maintenance and all materials used.
3. Work as part of a team with other Maintainers and TravelTrain Presentation Attendants (TPA's) to accomplish the maintenance and presentation objectives as efficiently as possible.
4. Represent Assets while liaising with Train Services/On-Board staff, RDC's, Drivers and Contractors regarding safety, reliability and maintenance scheduling of the rollingstock and attending failures in traffic if required.
5. Undertake all duties in a safe manner in accordance with Queensland Rail's Safety Management System (work safely and ensure work environment is safe) and Environmental Management System and all other Queensland Rail policies as issued.
6. Take responsibility for the safe and reliable condition of the traveltrain rollingstock on departure from Mayne Depot.
7. Undertake all non-skilled depot duties (eg. housekeeping, cleaning etc) necessary to ensure the facility, tools, parts and test equipment are kept clean and tidy and provides a safe workplace.
8. Maintain and use all mechanical competencies relevant to traveltrain

Position Description

rollingstock.
