## **QUEENSLAND RAIL VALUES:**

- 1 Queensland Rail - We do better together
- Treat others with respect - We appreciate everyone's contributions and differences
- Empower our people - We have confidence in our people
- Act Safely - We work safe, to go home safe
- Make a positive difference - We learn from today, to improve tomorrow

## **Position Purpose**

Maintain Queensland Rail Facilities assets (houses, depots, stations, equipment rooms, etc) to the standard which ensures safe and reliable operation to compliance/legislative requirements, maintenance and stakeholder standards.

## **Position Responsibilities**

1. Work in a team environment (either individually or in a team), planning own work, taking responsibility for work outcomes and identifying productivity improvements.
2. Consult with management and stakeholders in making decisions directly effecting programmed work, Facilities assets and customer's requirements.
3. Undertake work activities and create notifications using EAMS applications for the continual maintenance of the Facilities asset to meet Facilities asset and stakeholder requirements.
4. Carry out construction and maintenance work in an acceptable tradesperson like manner.
5. Ensure that work carried out is in accordance with the National Plumbing and Drainage Code of Australia and all other statutory regulations.
6. Work in accordance with Queensland Rail rules, regulations, policies and the Workplace Health and Safety Act.
7. To proactively develop skills and knowledge required for the rail environment and associated with trade qualifications through on-the-job training and formal training courses.

## **Additional Factors**

- The appointee will be required to :-
- Comply with Queensland Rail's Code of Conduct;

# Position Description

- Observe all legal and safety obligations of the organisation;
- Be available to work away from home station for extended periods;
- Be prepared to be "on call" as required;
- Attend further training as required.

## What is the key selection criteria

1. Substantial knowledge of plumbing work in accordance with the National Construction Code, Plumbing Code and Queensland Plumbing codes, regulations and acts.
2. Substantial level of skill in working semi-autonomously and within a team environment.
3. Substantial knowledge of Queensland Rail regulations, policies and safe working practices.
4. Sound level of skill in the reading of plans, drawings and specifications.
5. Knowledge of and willingness to commit to and work within Queensland Rail's Values and Behaviours.
