Position Purpose

Assist in the maintenance and construction/installation of Trackside Systems equipment and systems, and proactively seek the skills and knowledge required to excel in your chosen trade.

Position Responsibilities

1. Assist with the maintenance and construction/installation of Trackside Systems equipment and systems.
2. Ensure all work is performed in accordance with Workplace Health and Safety requirements and legislative policies.
3. Participate in maintenance and construction/installation work programs that are developed in accordance with business needs.
4. Proactively seek opportunities to develop trade skills and knowledge.
5. Follow any guidance required to ensure work is performed in accordance with technical and operational specifications and standards.
6. Maintain records relating to asset condition, maintenance programs and costing systems.
7. Actively participate in team and safety meetings, and contribute to the development and implementation of performance improvement initiatives.
8. Participate in the implementation and application of work procedures and practices in pursuit of assuring and continuously improving quality.

Additional Factors

The appointee will be required to :-
- Comply with Queensland Rail's Code of Conduct;
- Observe all legal and safety obligations of the organisation;
- Be available for overtime and stand by duties as required;

Position Description

- Work outside of normal hours;
- Work away from home station and travel throughout Queensland as required;
- Undertake further training considered necessary for the effective performance of the duties associated with the position and career development.
