## QUEENSLAND RAIL VALUES:

1 Queensland Rail - We do better together  
Treat others with respect - We appreciate everyone's contributions and differences  
Empower our people - We have confidence in our people  
Act Safely - We work safe, to go home safe  
Make a positive difference - We learn from today, to improve tomorrow

## Position Purpose

To assist in and carry out, where qualified, the installation, maintenance and repair of trackside systems equipment and infrastructure as required to ensure its safe and effective operation.

## Position Responsibilities

1. Assist in and carry out, where qualified, the installation, maintenance and repair of trackside systems equipment and infrastructure in accordance with predefined work programs.
2. Ensure all work is performed in accordance with Workplace Health and Safety requirements and legislative policies.
3. Ensure all work is performed in accordance with technical and operational specification and standards.
4. Maintain records relating to asset condition, maintenance program and costing systems.
5. Identify and advise of any exceptions relating to the performance of the asset.
6. Report on actual work performed against the scheduled work program and equipment performance and condition irregularities.
7. Progress the implementation and application of work procedures and practices in pursuit of ensuring continuous quality improvement.

## Additional Factors

The appointee will be required to :-

- Comply with Queensland Rail's Code of Conduct;
- Observe all legal and safety obligations of the organisation;
- Be available for call out/standby duties, overtime and higher grade relief as required;
- Be available to work away from home station and travel as required;

# Position Description

- Undertake further training considered necessary for the effective performance of the duties associated with the position and career development;
- Work in a semi-autonomous manner within broad guidelines.
