QUEENSLAND RAIL VALUES:

1 Queensland Rail - We do better together
Treat others with respect - We appreciate everyone's contributions and differences
Empower our people - We have confidence in our people
Act Safely - We work safe, to go home safe
Make a positive difference - We learn from today, to improve tomorrow

Position Purpose

To lead, oversee and provide document control services for the Logan and Gold Coast Faster Rail Project. Manage development, implementation and maintenance of industry best practice document management systems that ensure compliance with relevant Queensland Rail policies, standards and specifications. Support the business unit by maintaining effective project control functions (contract management and project planning).

Position Responsibilities

1. Lead the document control function, supporting the safe, efficient and effective delivery for Logan and Gold Coast Faster Rail Project.
2. Maintain oversight of the document control function, ensuring applicable standards and procedures are followed by the team in relation to the control of Issue Authorised documentation.
3. Lead process improvement initiatives in relation to document control to ensure fit-for-purpose and efficient processes are used.
4. Support the development and maintenance of a robust schedule of works to support on-going resource planning.
5. Support the coordination of Contract Management System deliverables and inputs.
6. Manage all record keeping tasks, file creations, retrievals, sentencing transmittals, document repositories and filing systems and any other administrative duties that support optimal document management and control.

Additional Factors

The appointee will be required to :-
- Comply with Queensland Rail's Code of Conduct;
- Observe all legal and safety obligations of the organisation;

Position Description

What is the key selection criteria

1. High level of skill in coordinating and maintaining a document management system, including developing and implementing process improvement initiatives.
2. Extensive knowledge in establishing, implementing, operating and maintaining document control systems and procedures for large scale, highly complex infrastructure programs.
3. High level of skill in building and maintaining successful partnerships with a diverse range of internal and external stakeholders to support compliance with mandated document control systems.
4. High level of skill in the delivery of document control services.
5. Extensive knowledge of document management systems (e.g. ProjectWise, TRIM, Team Binder) and associated processes/practices/protocols.
6. High level of skill in providing specialist professional services and advice, including leadership and guidance to stakeholders at all levels.
7. Knowledge of and willingness to commit to and work within Queensland Rail's Values and Behaviours.
